

# a DROP of life

CAMPUS TOUR

## **A GLOBAL WATER CRISIS IS HAPPENING... HERE... NOW... WHAT ARE YOU DOING?**

Two-thirds of the world's people will not have adequate access to clean drinking water by the year 2027. And there are no borders on this crisis. As demand rapidly exceeds supply, every species on the planet is in danger. Your access is at risk.

**Now Booking for 2010: a DROP of LIFE: Inside the Mounting Global Water Crisis:** Explore the worldwide water crisis in a gripping interactive presentation that explores water as a basic human right and inspires new student advocates with an "activist toolkit" to make change in their own communities and around the world.

Combining biting social commentary with popular appeal, Shalini Kantayya's films make signing on to social change irresistible. Her company, 7th Empire Media, is committed to using media to give a powerful voice to the unheard. Her film a DROP of LIFE, a futuristic sci-fi flick about the mounting global water crisis, has been used as an organizing tool in over 40 villages across Africa and is coming to a conference or campus near you...

**“WHO CONTROLS WATER CONTROLS LIFE”**
